Error Lens v3.20.0

Alexander | 4.853.323 | ★★★★★(163)

Improve highlighting of errors, warnings and other language diagnostics.

Deshabilitar | Desinstalar | Actualización automática

DETALLES | CARACTERÍSTICAS | REGISTRO DE CAMBIOS

version v3.20.0 | installs 4.9M | rating 4.9/5 (163) | OpenVSX Downloads 120k

ErrorLens turbo-charges language diagnostic features by making diagnostics stand out more prominently, highlighting the en
wherever a diagnostic is generated by the language and also prints the message inline.

```

Better Comments v3.0.2

Aaron Bond | 7.480.246 | ★★★★★(198) | Patrocinador

Improve your code commenting by annotating with alert, informational, TODOs, and

Deshabilitar | Desinstalar | Actualización automática

DETALLES | CARACTERÍSTICAS | REGISTRO DE CAMBIOS

Better Comments

The Better Comments extension will help you create more human-friendly comments in your code.
With this extension, you will be able to categorise your annotations into:

- Alerts
- Queries
- TODOs
- Highlights
- Commented out code can also be styled to make it clear the code shouldn't be there
- Any other comment styles you'd like can be specified in the settings

⚠ Esta extensión está en desuso porque ya no se mantiene.

DETALLES CARACTERÍSTICAS

Terminal

Run terminal command directly in Text Editor

Notice

From v0.0.4, this extension will have limited updates for bug fix or feature development, because:

1. I have another extension: Code Runner which is superset of the Terminal extension since it not only supports `powe` `bat/cmd, bash/sh` but also supports other script language like `js, php, python, perl, ruby, go, lua, g` `vbscript` even `F#, C#`. Moreover, this Code Runner extension has more functions (e.g. working directory suppo syntax highlight, run as a file instead of running a set of commands and so on) and will have more supports and u

DETALLES CARACTERÍSTICAS REGISTRO DE CAMBIOS
Awesome Flutter Snippets is a collection of commonly used Flutter classes and methods. It increases your speed of development by eliminating most of the boilerplate code associated with creating a widget. Widgets such as StreamBuilder and SingleChildScrollView can be created by typing the shortcut streamBldr and singleChildSV respectively.
Features
Speeds up development
Eliminates boilerplate
Supports complex widgets (Eg: Custom Clipper and Custom Paint)

Dart v3.96.0

Dart Code dartcode.org | 10.081.397 | ★★★★★(81)

Dart language support and debugger for Visual Studio Code.

Deshabilitar | Desinstalar | Cambiar a la versión preliminar | Actualización automática

DETALLES CARACTERÍSTICAS REGISTRO DE CAMBIOS

chat discord twitter dartcode help contribute

Introduction

Dart Code extends VS Code with support for the Dart programming language, and provides tools for effectively editing, refactoring, running, and reloading Flutter mobile apps.

Installation

Dart Code can be installed from the Visual Studio Code Marketplace or by searching within VS Code.

If you have any issues using Dart Code, please file issues on GitHub at https://github.com/Dart-Code/Dart-Code/issues/new/choose.

Features

- Edit and Debug Flutter mobile apps (launch using `F5` or the `Debug` menu)
- Edit and Debug Dart command line apps (launch using `F5` or the `Debug` menu)
- Automatic hot reloads for Flutter
- Refactorings and Code fixes (lightbulb)

Flutter v3.96.0

Dart Code dartcode.org | 9.153.440 | ★★★★★(85)

Flutter support and debugger for Visual Studio Code.

Deshabilitar | Desinstalar | Cambiar a la versión preliminar | Actualización automática

DETALLES | CARACTERÍSTICAS | REGISTRO DE CAMBIOS | DEPENDENCIAS

Introduction

This VS Code extension adds support for effectively editing, refactoring, running, and reloading Flutter mobile apps. It depends on (and will automatically install) the Dart extension for support for the Dart programming language.

Note: Projects should be run using `F5` or the `Debug` menu for full debugging functionality. Running from the built-in terminal will not provide all features.

Installation

Install from the Visual Studio Code Marketplace or by searching within VS Code. The Dart extension will be installed automatically, if not already installed.

Documentation

Please see the Flutter documentation for using VS Code.

Lorem ipsum v1.3.1

Daniel Imms growingwiththeweb.com | 880.509 | ★★★★★ (14)

Generates and inserts lorem ipsum text

Deshabilitar Desinstalar Actualización automática

DETALLES CARACTERÍSTICAS REGISTRO DE CAMBIOS

A tiny VS Code extension made up of a few commands that generate and insert lorem ipsum text into a text file.

To use the extension, open the command palette (`F1` or `cmd/ctrl+shift+p` , type "lorem ipsum" and select to insert either a line or paragraph.

Customization

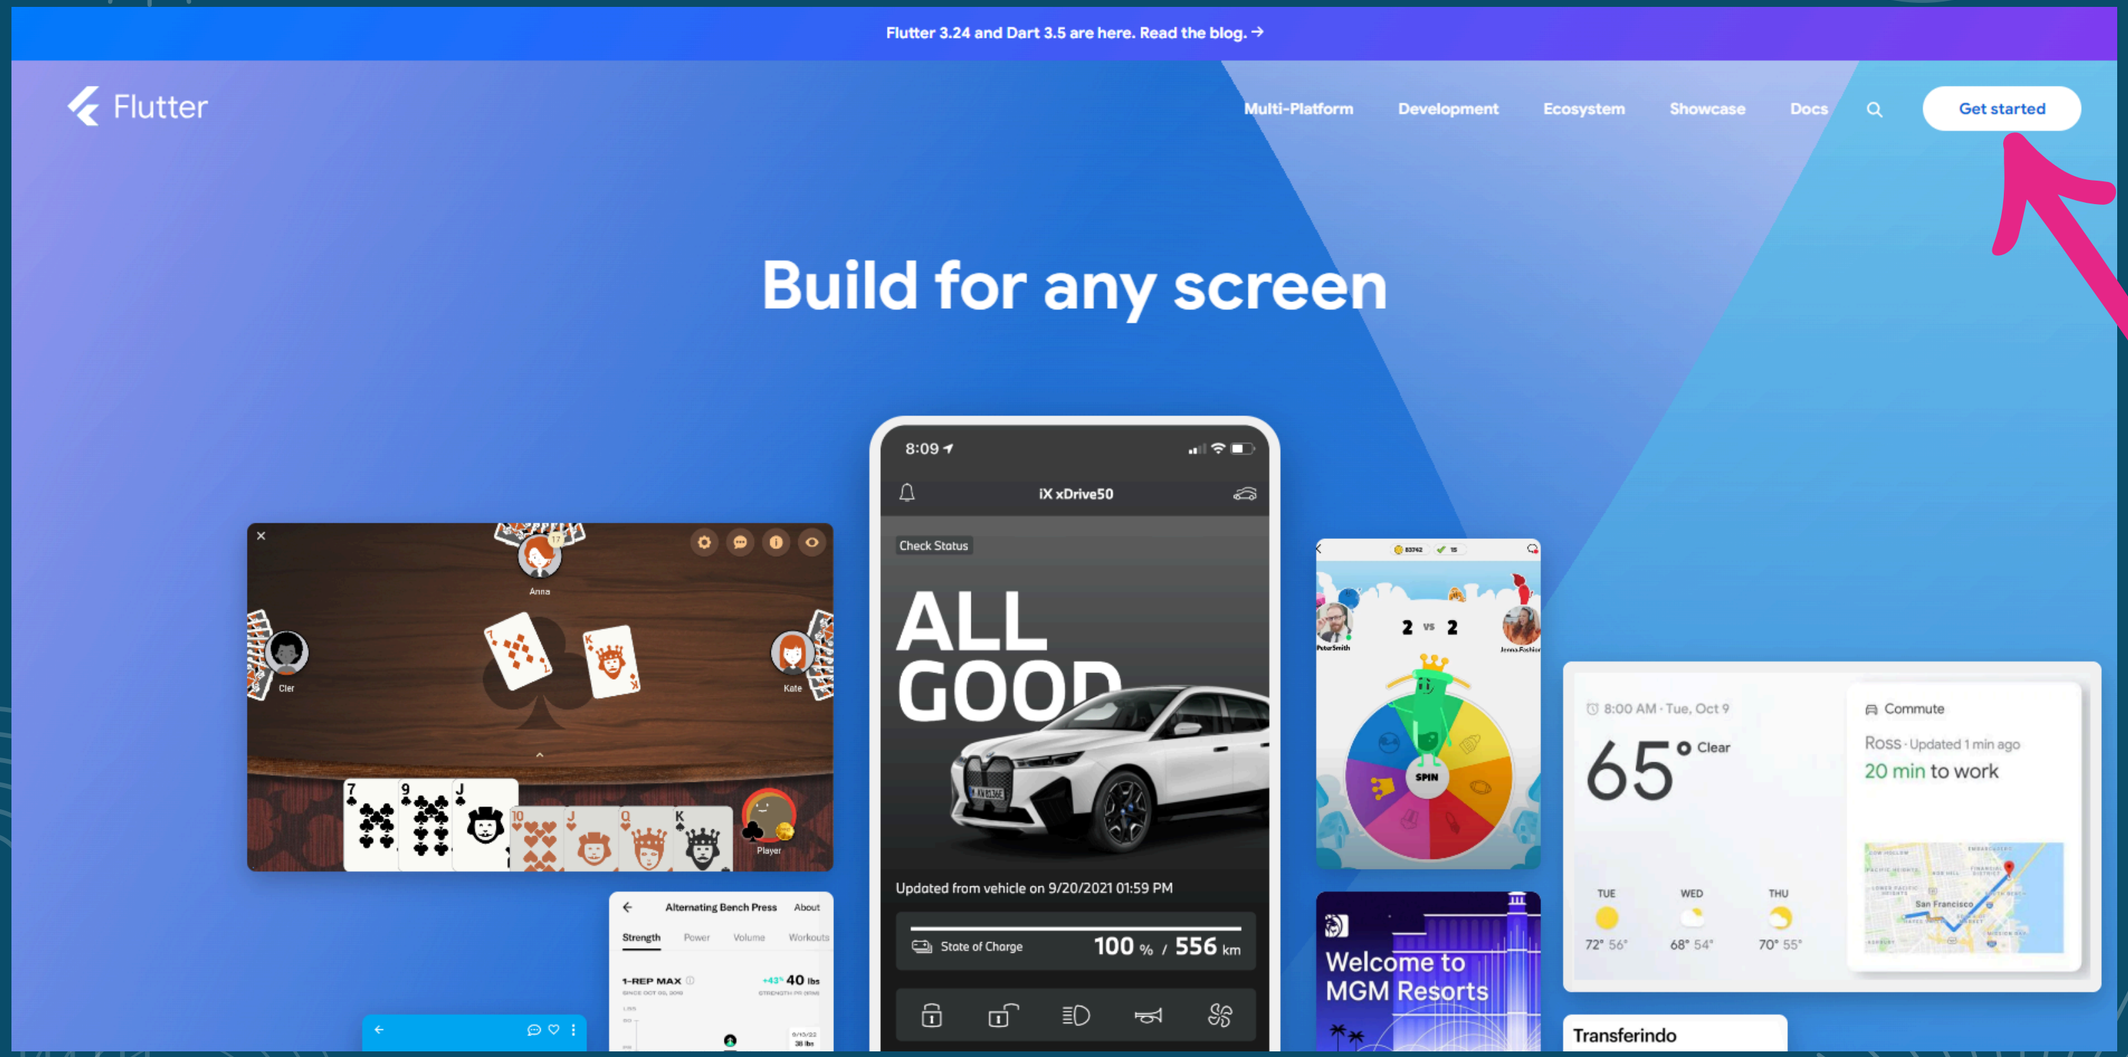
The following commands are added:

- `lorem-ipsum.line`
- `lorem-ipsum.paragraph`
- `lorem-ipsum.multipleParagraphs`

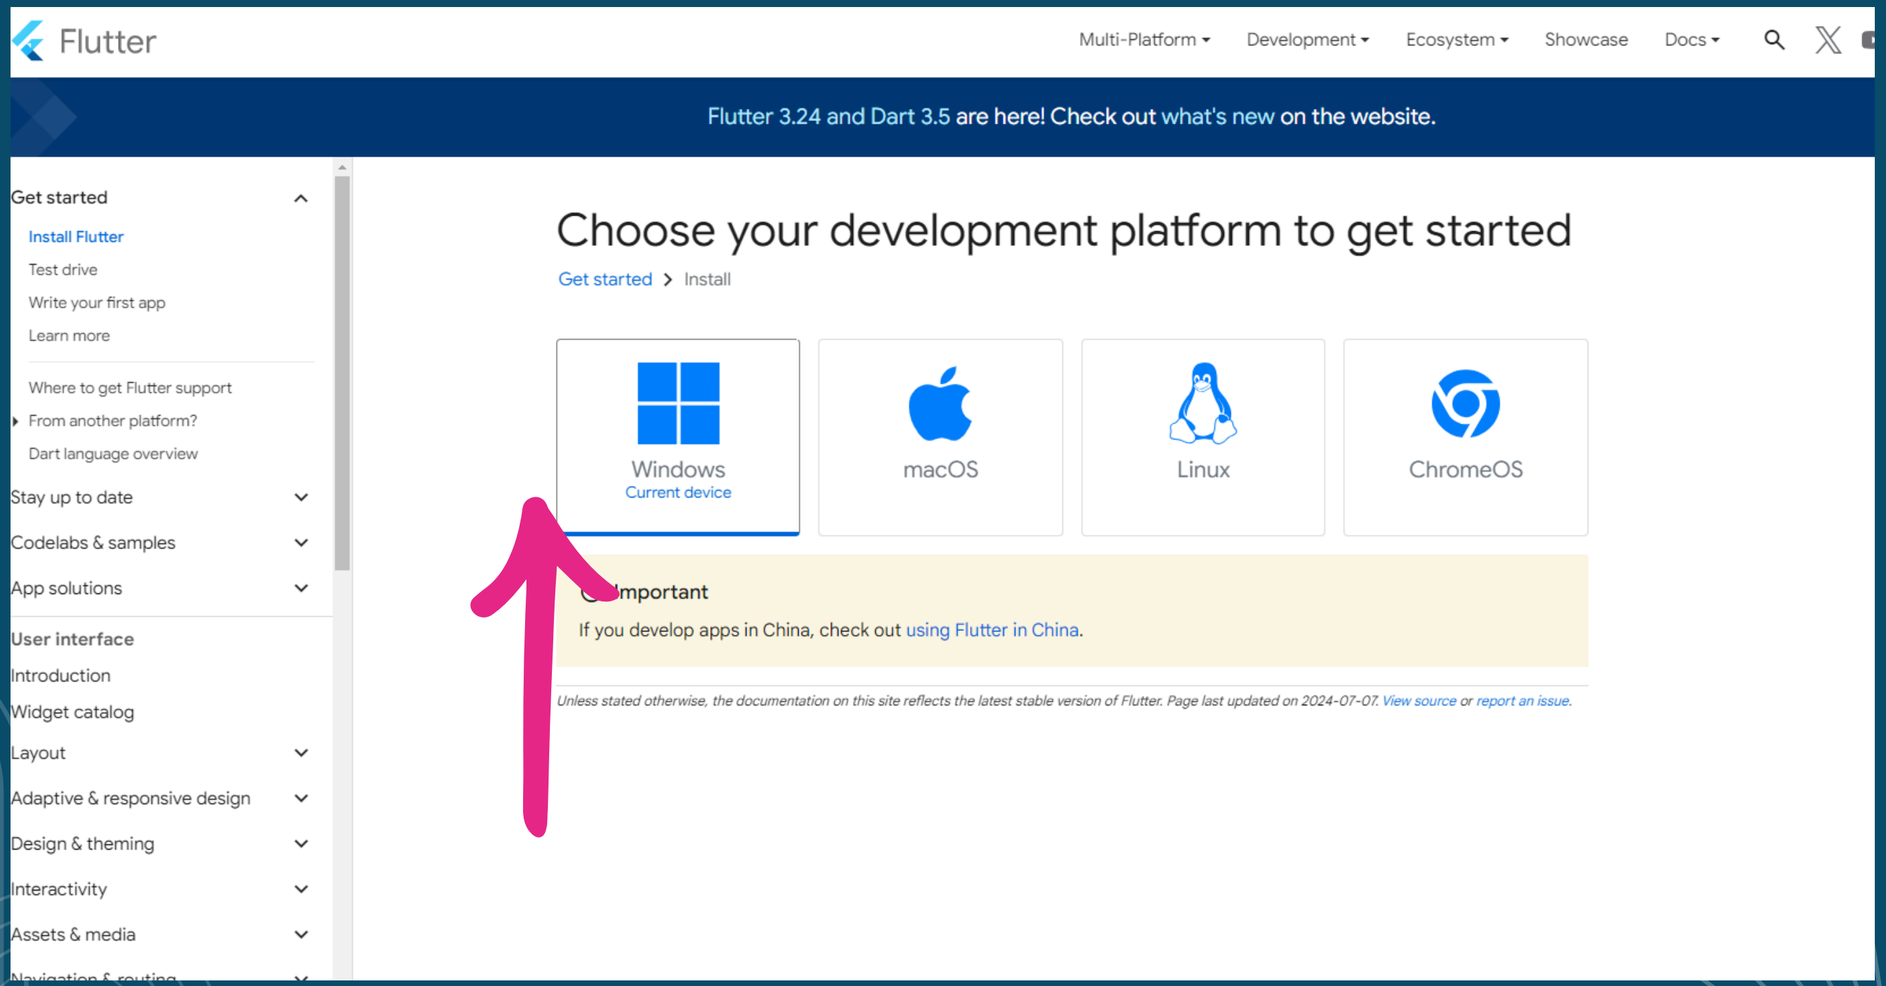
By default they don't have keybindings, but you can add a custom keybinding. For example:

```
{
```

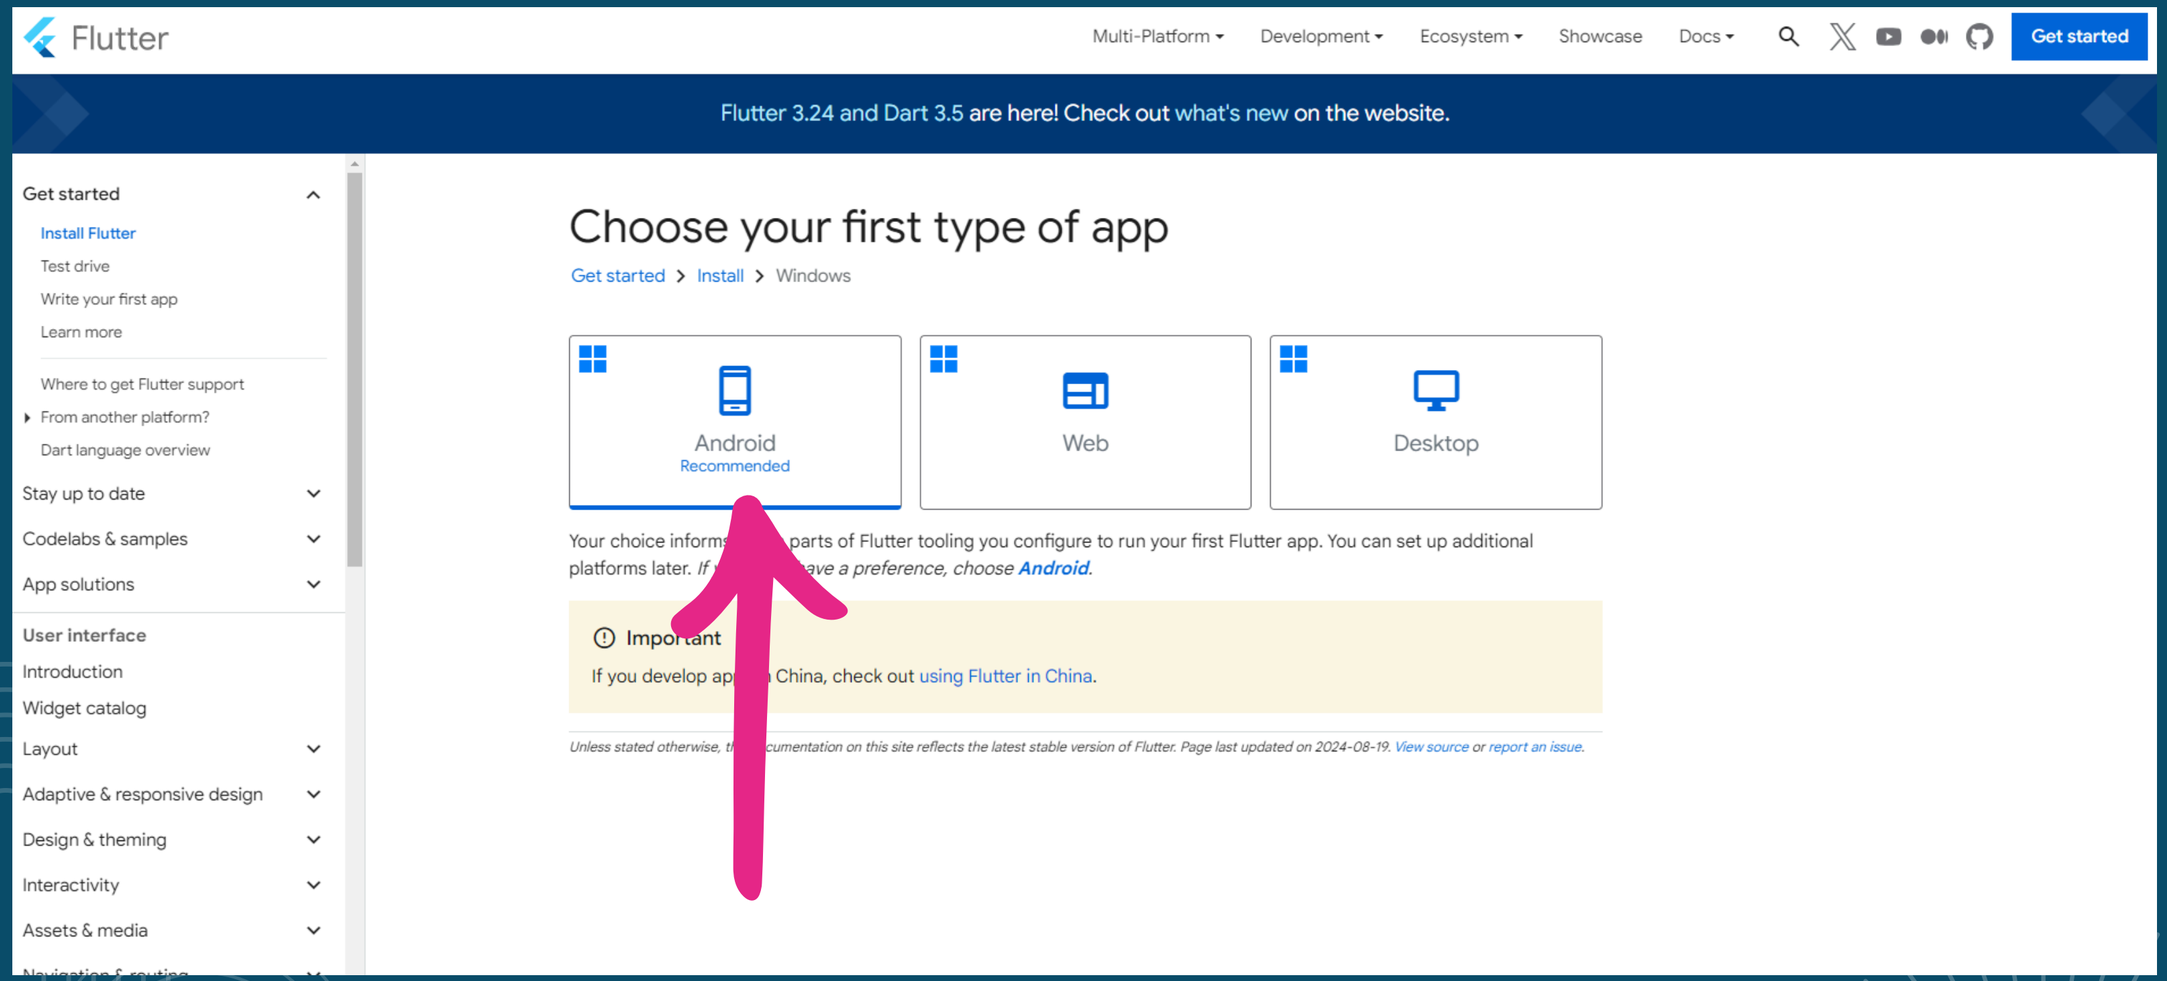
Buscamos en google flutter para iniciar con la descarga



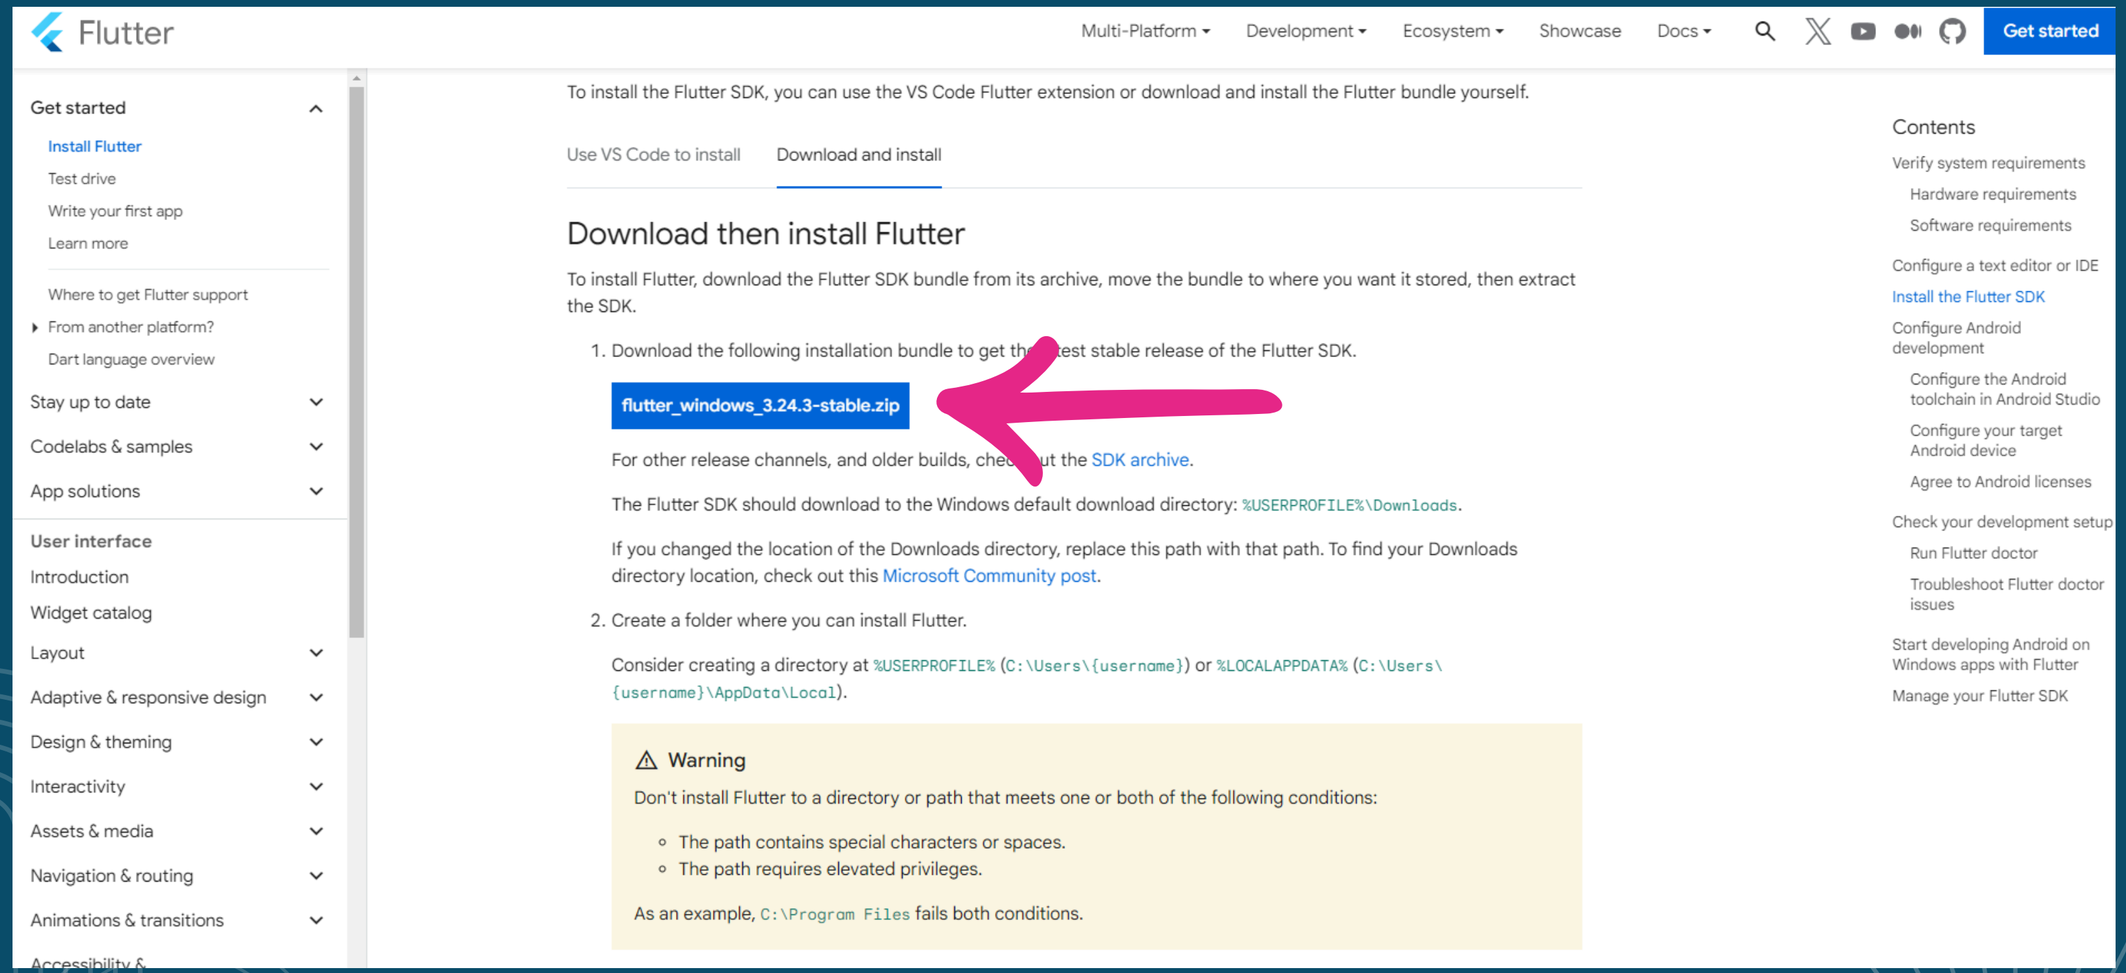
Ingresamos en la parte que dice windows



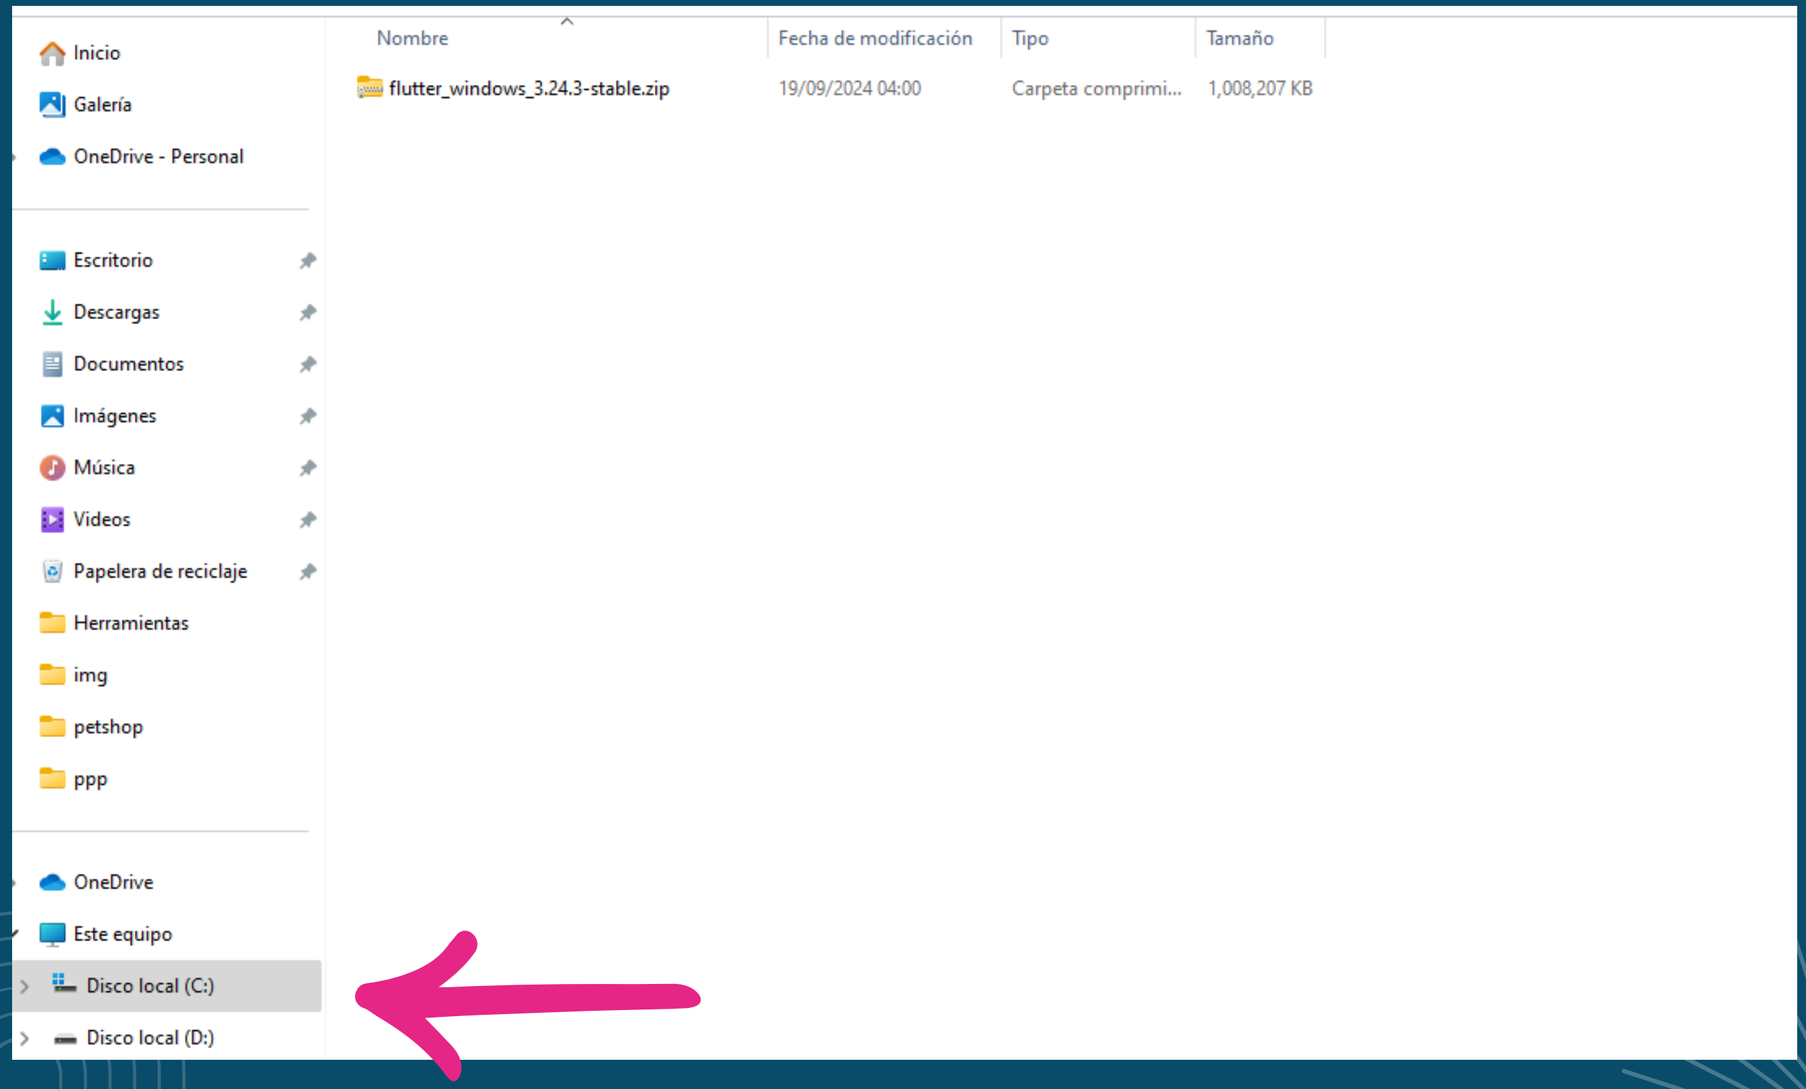
De igual manera presionamos en Android



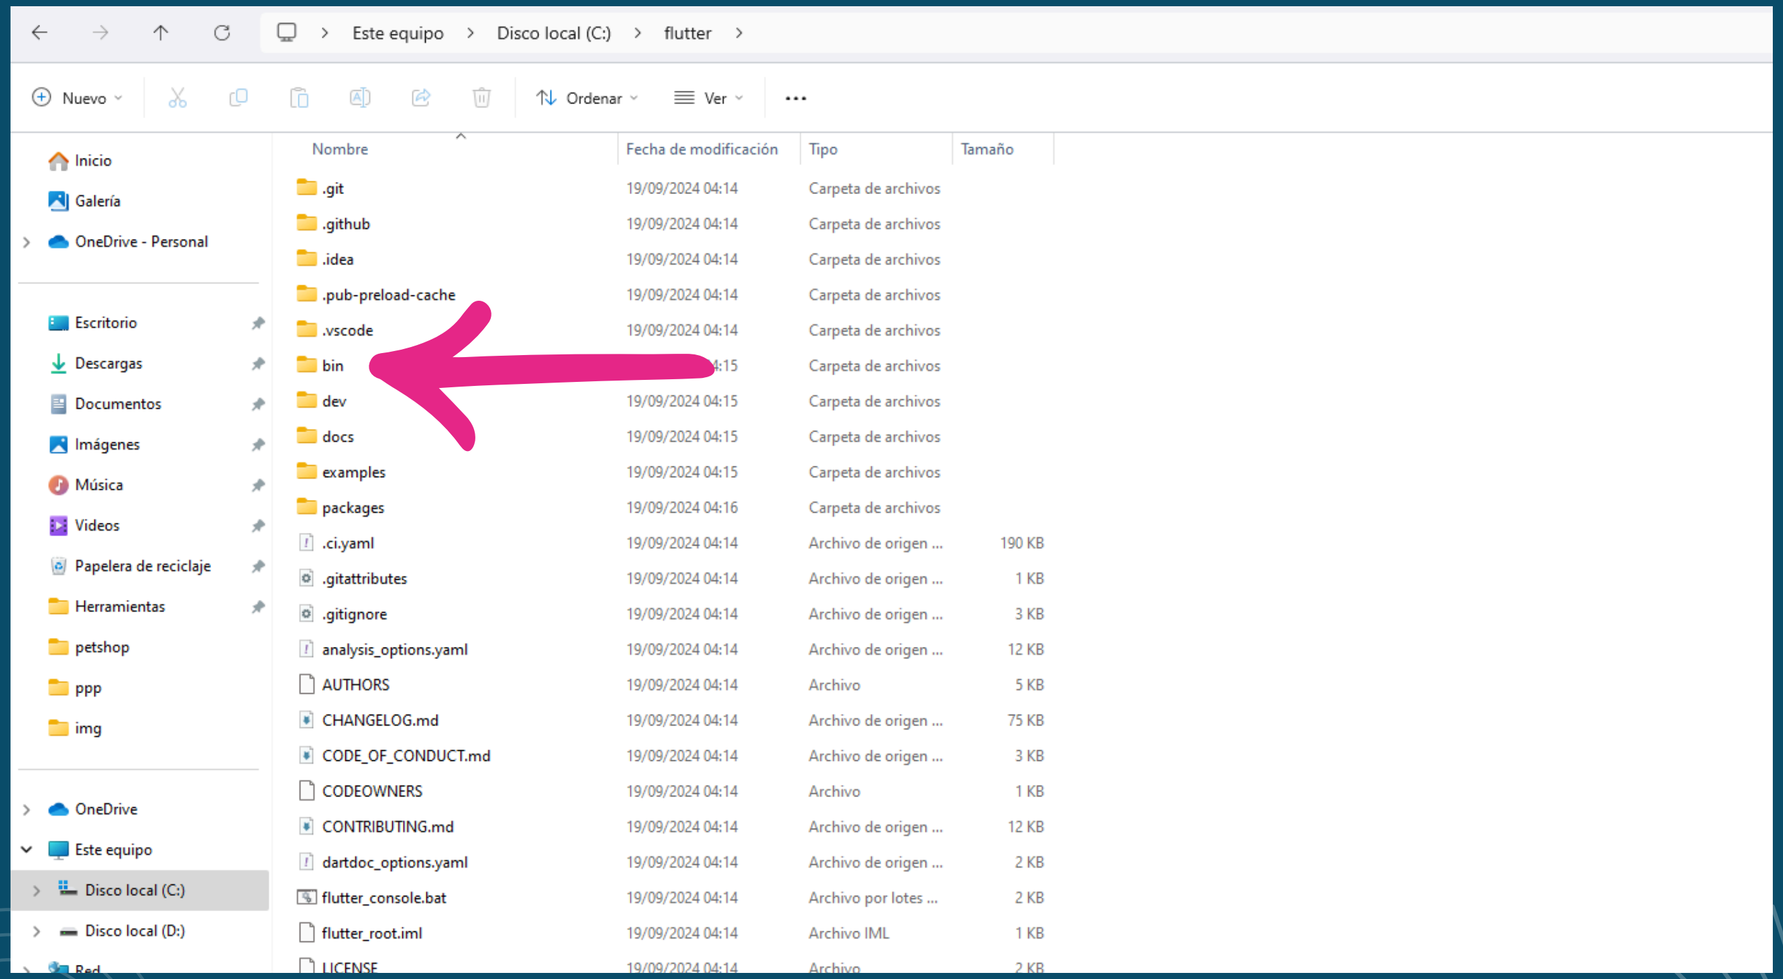
Empezamos a descargar y guardarlo en el Disco Local C



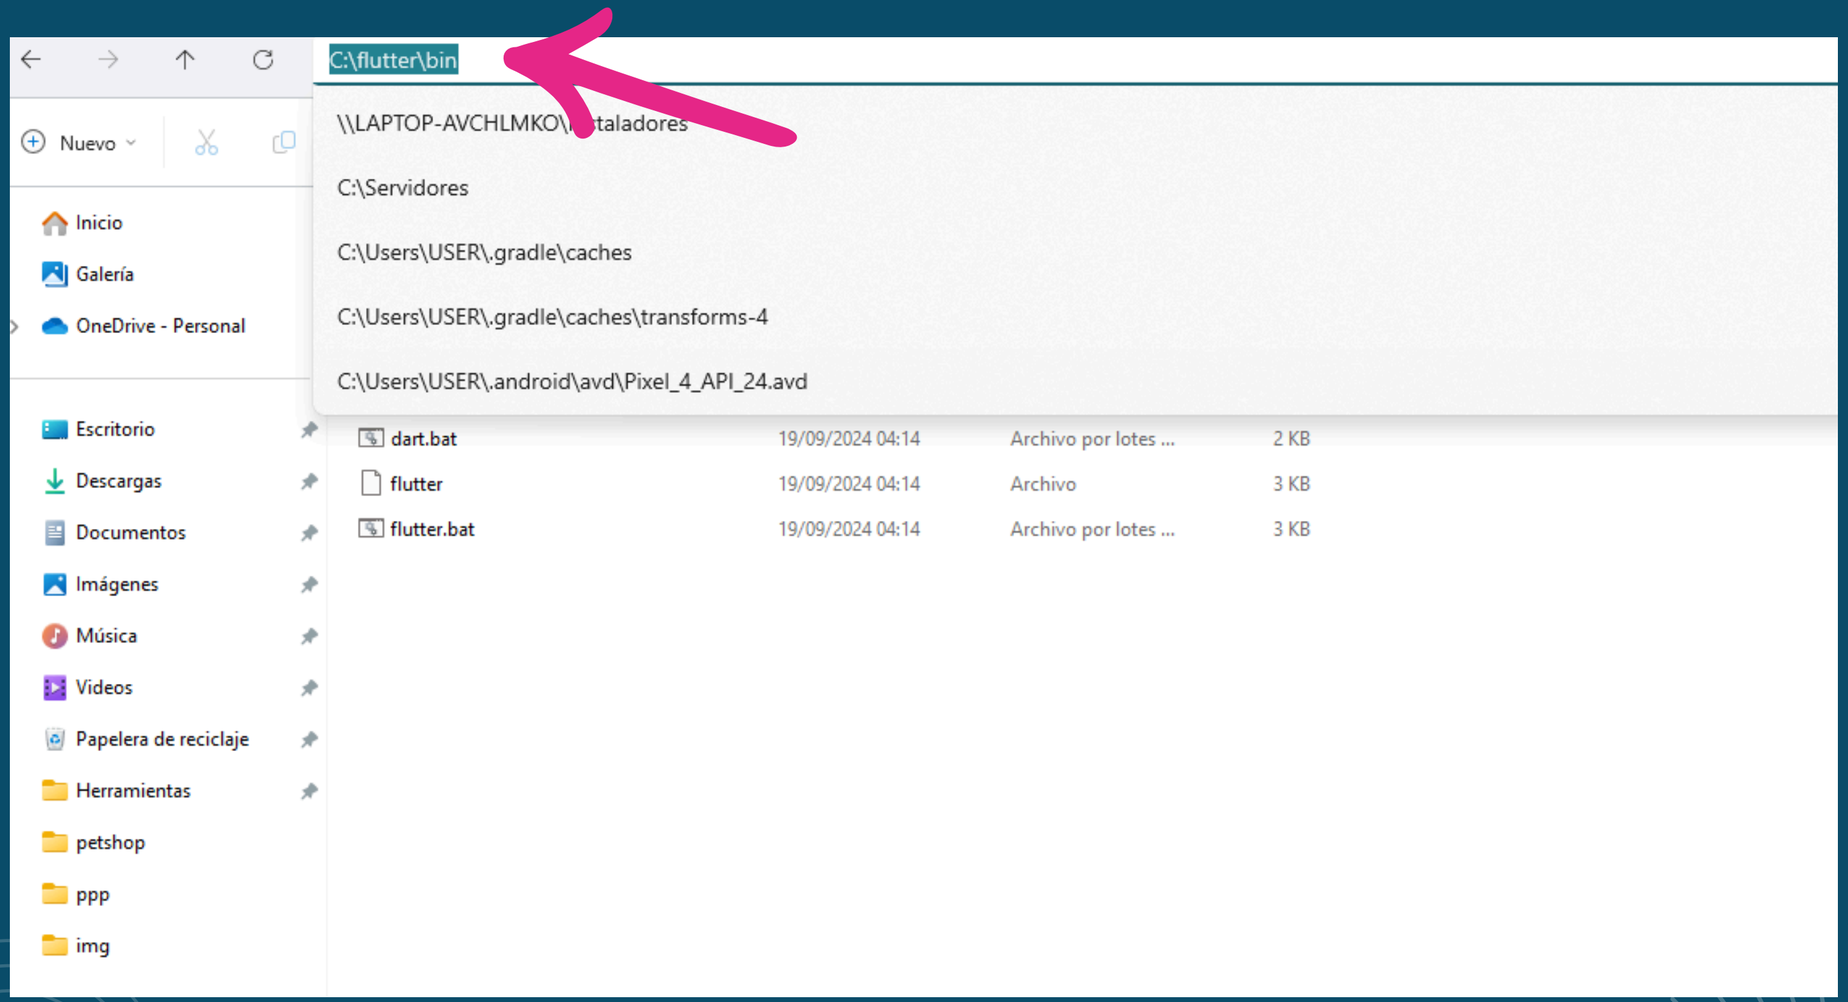
Como vemos ya esta guardado en el Disco Local C



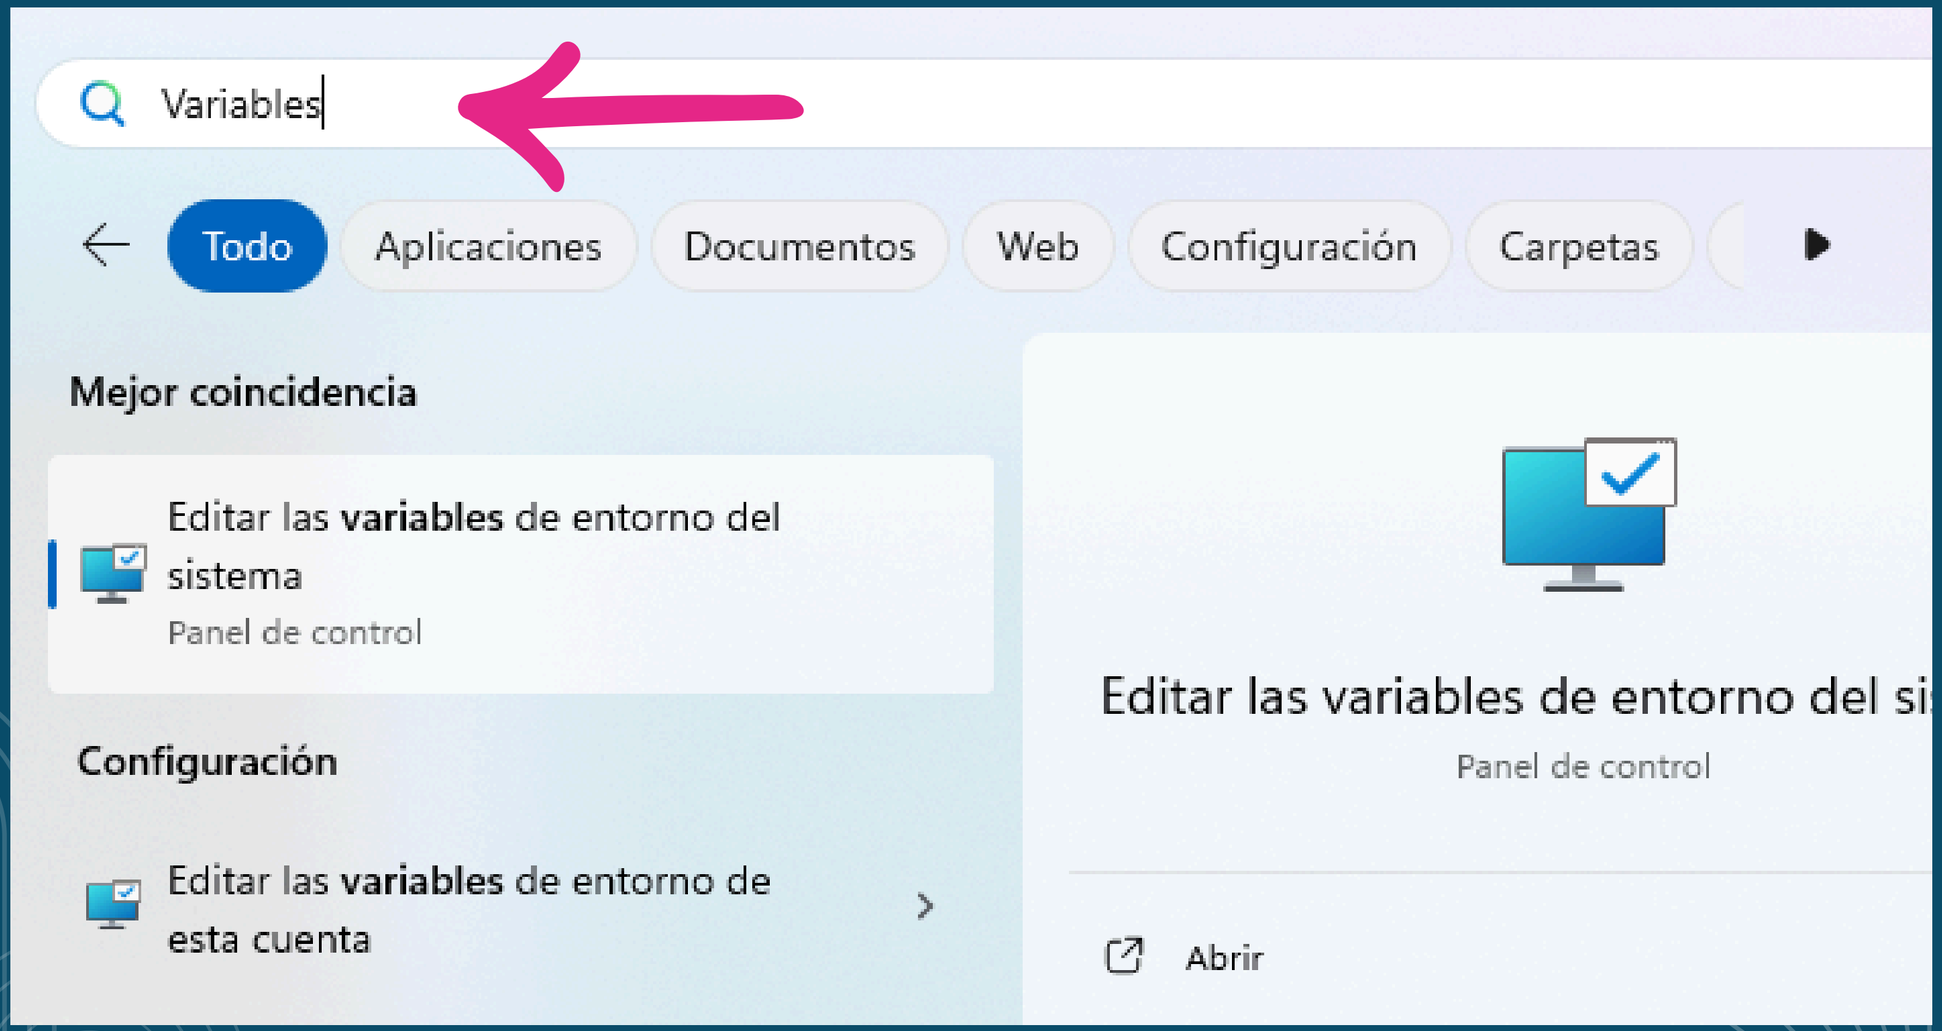
Luego hacemos click donde dice “Bin ”



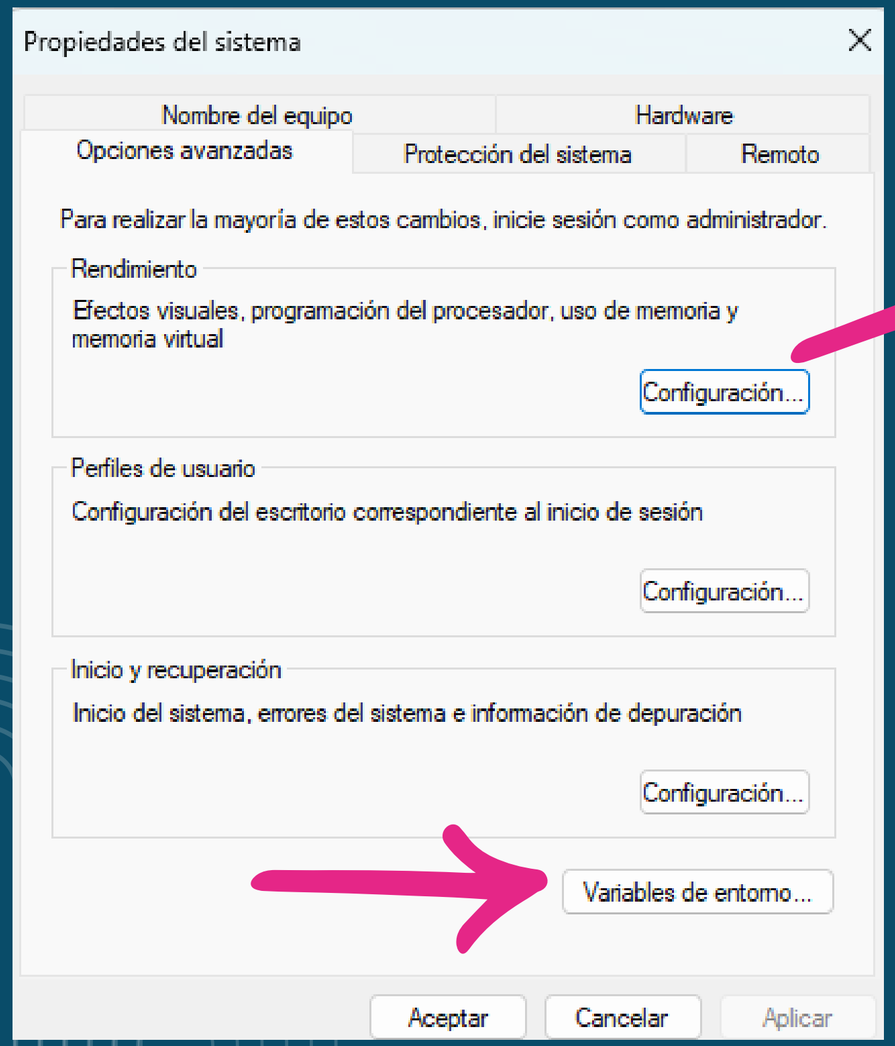
En la parte de arriba nos aparecera un link y copiamos



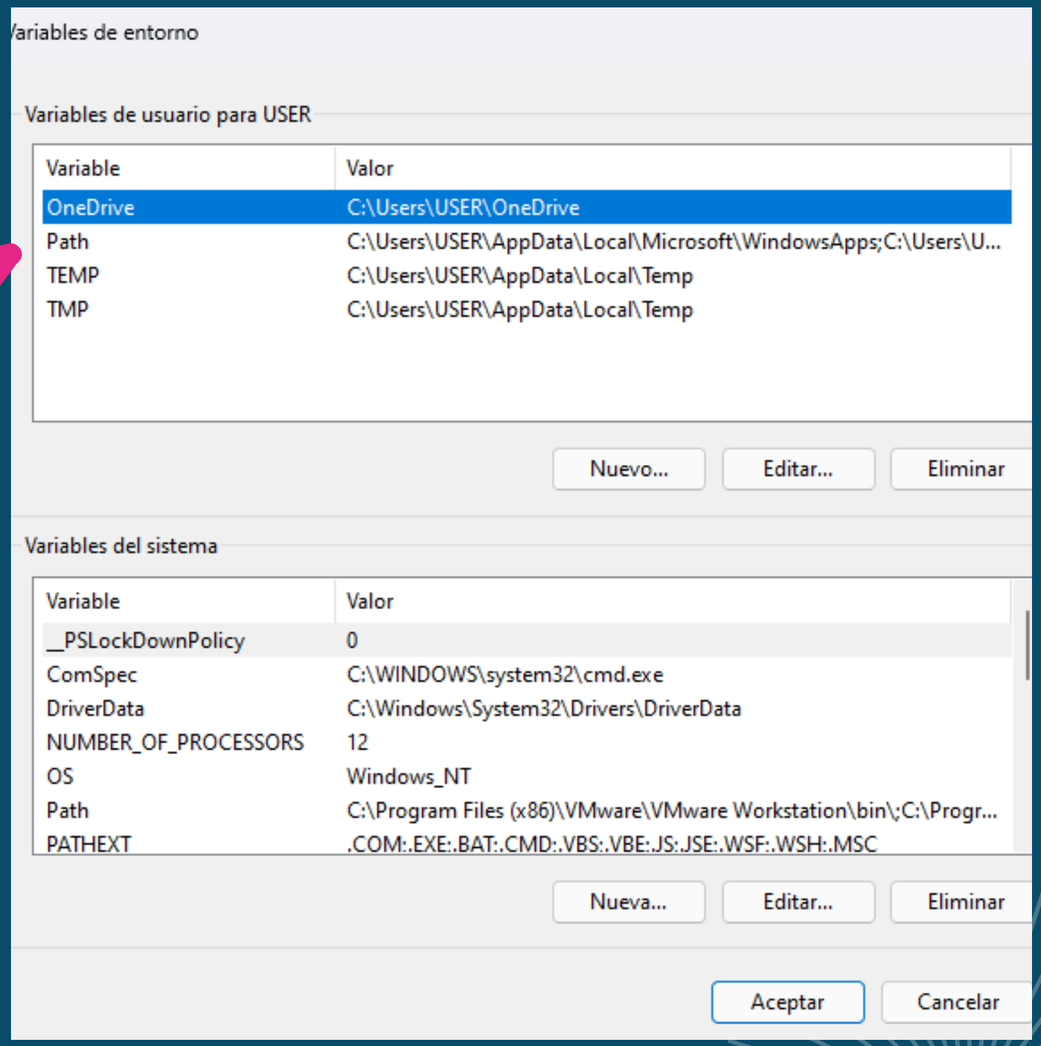
Ahora bucamos en el inicio con el nombre Variables y ingresamos



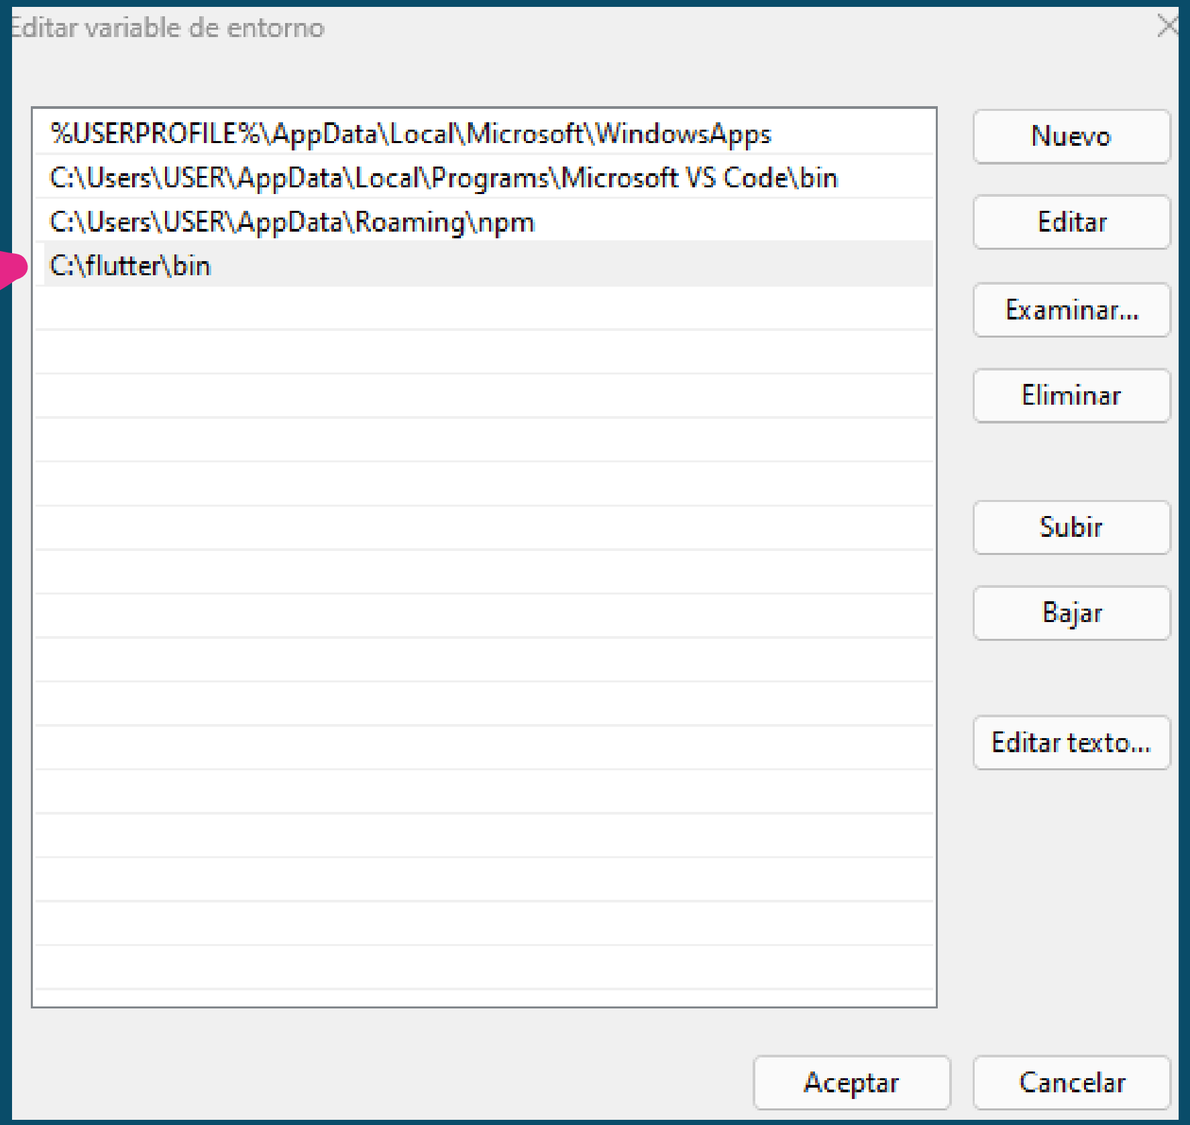
Despues ingresado , presionamos en donde dice Variables de entorno



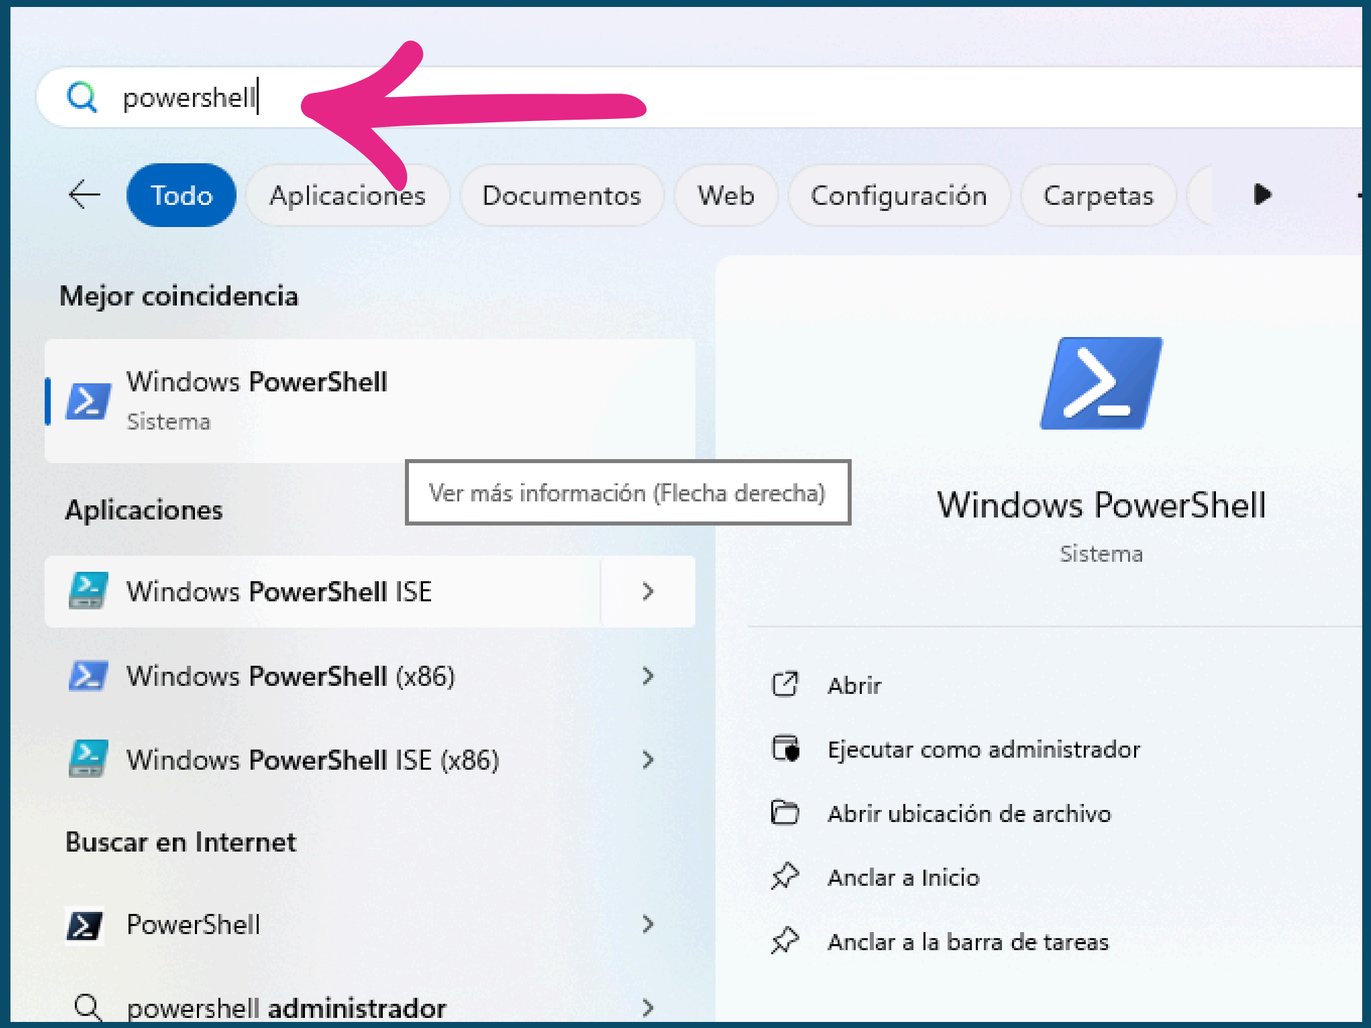
Presionamos en donde dice Path



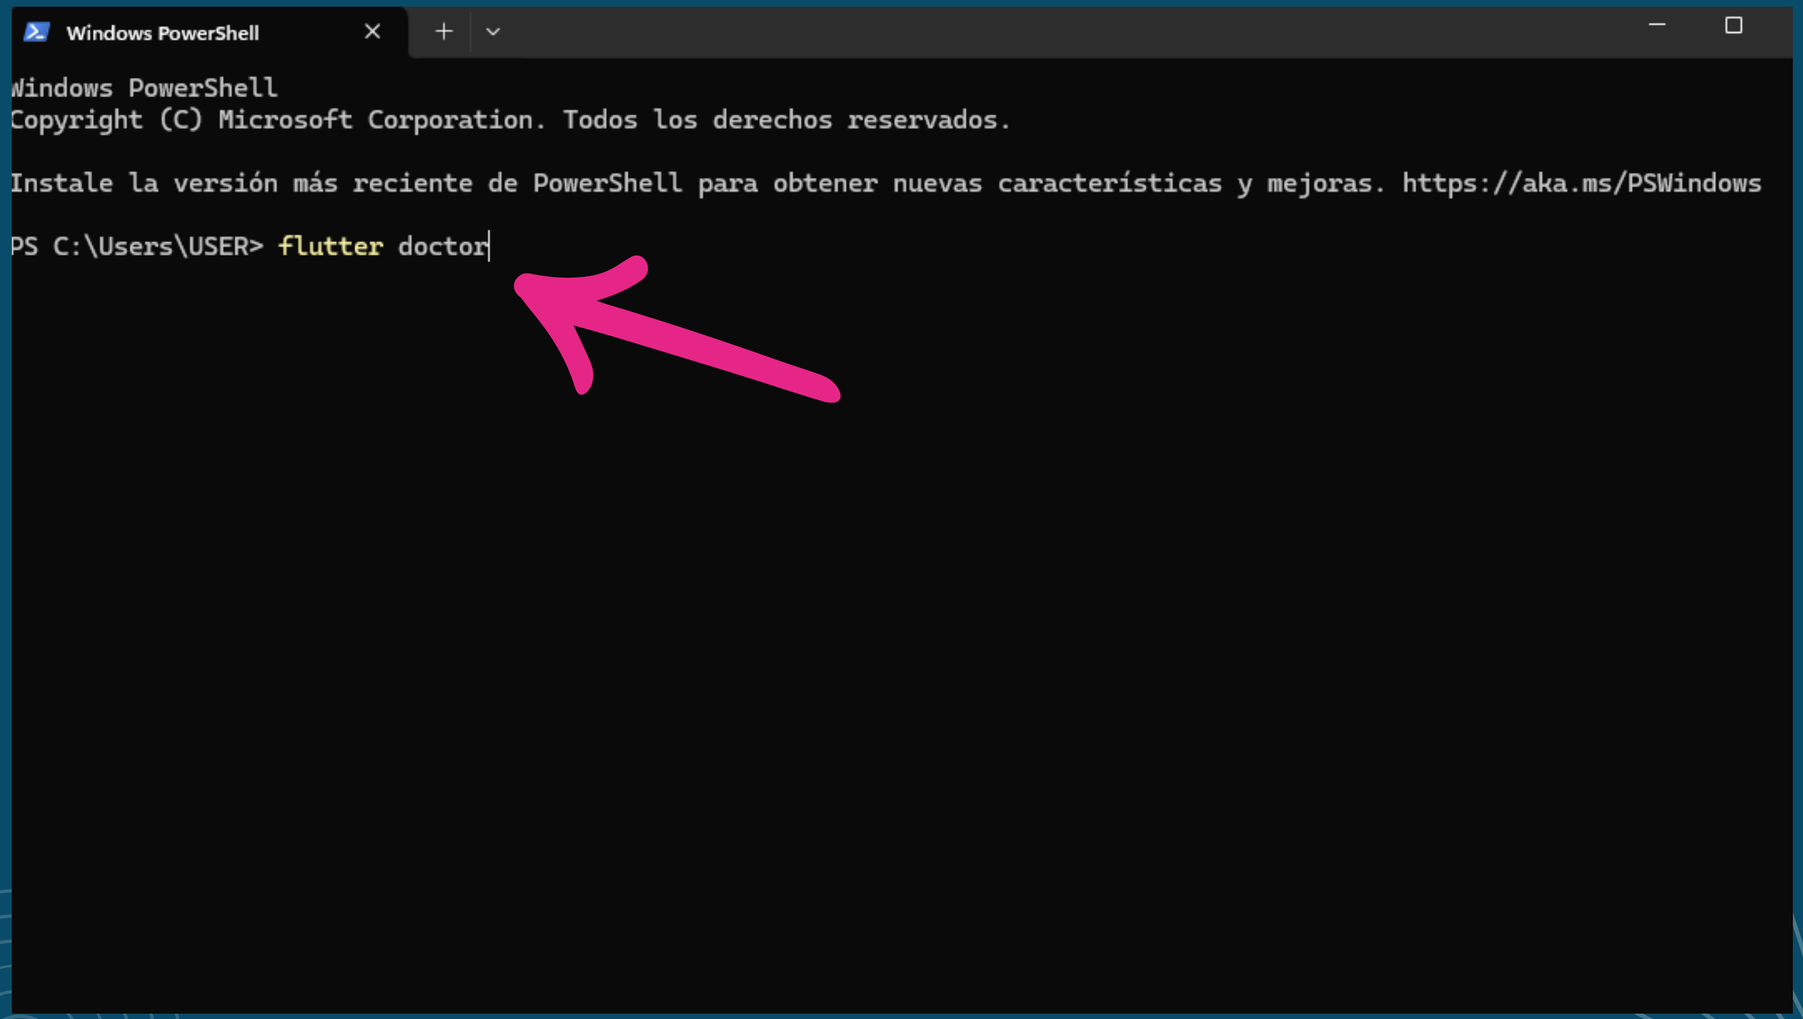
Luego presionamos en donde dice Nuevo y pegamos el link que copiamos



Ahora empezamos a buscar en el inicio el PowerShell e ingresamos



Despues ingresado escribimos Flutter doctor



Dejamos que cargue todo

```

PS C:\WINDOWS\system32> flutter doctor

    ╔═══════════════════════════════════════════════════════════════════════╗
    ║                  Welcome to Flutter! - https://flutter.dev

    The Flutter tool uses Google Analytics to anonymously report feature usage
    statistics and basic crash reports. This data is used to help improve
    Flutter tools over time.

    Flutter tool analytics are not sent on the very first run. To disable
    reporting, type 'flutter config --no-analytics'. To display the current
    setting, type 'flutter config'. If you opt out of analytics, an opt-out
    event will be sent, and then no further information will be sent by the
    Flutter tool.

    By downloading the Flutter SDK, you agree to the Google Terms of Service.
    The Google Privacy Policy describes how data is handled in this service.

    Moreover, Flutter includes the Dart SDK, which may send usage metrics and
    crash reports to Google.

    Read about data we send with crash reports:
    https://flutter.dev/to/crash-reporting

    See Google's privacy policy:

1/5: License android-googletv-license:
---------------------------------------
Terms and Conditions

This is the Google TV Add-on for the Android Software Development Kit License Agreement.

1. Introduction

1.1 The Google TV Add-on for the Android Software Development Kit (referred to in this License Agreement as the "Googl
TV Add-on" and specifically including the Android system files, packaged APIs, and Google APIs add-ons) is licensed to
ou subject to the terms of this License Agreement. This License Agreement forms a legally binding contract between you
nd Google in relation to your use of the Google TV Add-on.

1.2 "Google" means Google Inc., a Delaware corporation with principal place of business at 1600 Amphitheatre Parkway,
untain View, CA 94043, United States.

2. Accepting this License Agreement

2.1 In order to use the Google TV Add-on, you must first agree to this License Agreement. You may not use the Google T
Add-on if you do not accept this License Agreement.

2.2 You can accept this License Agreement by:

(A) clicking to accept or agree to this License Agreement, where this option is made available to you; or

(B) by actually using the Google TV Add-on. In this case, you agree that use of the Google TV Add-on constitutes accep
nce of the License Agreement from that point onwards.

2.3 You may not use the Google TV Add-on and may not accept the Licensing Agreement if you are a person barred from re
iving the Google TV Add-on under the laws of the United States or other countries including the country in which you a
 resident or from which you use the Google TV Add-on.

2.4 If you are agreeing to be bound by this License Agreement on behalf of your employer or other entity, you represen
and warrant that you have full legal authority to bind your employer or such entity to this License Agreement. If you
 not have the requisite authority, you may not accept the Licensing Agreement or use the Google TV Add-on on behalf of
our employer or other entity.

3. Google TV Add-on License from Google

3.1 Subject to the terms of this License Agreement, Google grants you a limited, worldwide, royalty-free, non- assigna
e and non-exclusive license to use the Google TV Add-on solely to develop applications to run on the Google TV platfor

3.2 You agree that Google or third parties own all legal right, title and interest in and to the Google TV Add-on, inc
ding any Intellectual Property Rights that subsist in the Google TV Add-on. "Intellectual Property Rights" means any a
 all rights under patent law, copyright law, trade secret law, trademark law, and any and all other proprietary rights
Google reserves all rights not expressly granted to you.

3.3 Except to the extent required by applicable third party licenses, you may not copy (except for backup purposes), m
ify, adapt, redistribute, decompile, reverse engineer, disassemble, or create derivative works of the Google TV Add-on
r any part of the Google TV Add-on. Except to the extent required by applicable third party licenses, you may not load
ny part of the Google TV Add-on onto a mobile handset, television, or any other hardware device except a personal comp
er, combine any part of the Google TV Add-on with other software, or distribute any software or device incorporating a
art of the Google TV Add-on.
```

Como vemos ya cargo todo

```
d obligations hereunder, in its sole discretion.

10.4 Entire Agreement. This Agreement constitutes the entire agreement between Recipient and MIPS and supersedes in th
r entirety any and all oral or written agreements previously existing between Recipient and MIPS with respect to the s
ject matter hereof. This Agreement may only be amended or supplemented by a writing that refers explicitly to this Agr
ment and that is signed or otherwise accepted by duly authorized representatives of Recipient and MIPS.

10.5 Severability. In the event that any provision of this Agreement is finally adjudicated to be unenforceable or inv
id under any applicable law, such unenforceability or invalidity shall not render this Agreement unenforceable or inva
d as a whole, and, in such event, such unenforceable or invalid provision shall be interpreted so as to best accomplis
the objectives of such provision within the limits of applicable law or applicable court decisions.

10.6 Export Regulations / Export Control. Recipient shall not export, either directly or indirectly, any product, serv
e or technical data or system incorporating the Evaluation Materials without first obtaining any required license or o
er necessary approval from the U.S. Department of Commerce or any other governing agency or department of the United S
tes Government. In the event any product is exported from the United States or re-exported from a foreign destination
 Recipient, Recipient shall ensure that the distribution and export/re-export or import of the product is in compliano
with all applicable laws, regulations, orders, or other restrictions of the U.S. Export Administration Regulations and
he appropriate foreign government. Recipient agrees that neither it nor any of its subsidiaries will export/re-export
y technical data, process, product, or service, directly or indirectly, to any country for which the United States gov
nment or any agency thereof or the foreign government from where it is shipping requires an export license, or other g
ernmental approval, without first obtaining such license or approval. Recipient also agrees to implement measures to e
ure that foreign national employees are authorized to receive any information controlled by U.S. export control laws.
 export is "deemed" to take place when information is released to a foreign national wherever located.

10.7 Special Terms for Pre-Release Materials. If so indicated in the description of the Evaluation Software, the Evalu
ion Software may contain Pre-Release Materials. Recipient hereby understands, acknowledges and agrees that: (i) Pre-Re
ase Materials may not be fully tested and may contain bugs or errors; (ii) Pre-Release materials are not suitable for
mmercial release in their current state; (iii) regulatory approvals for Pre-Release Materials (such as UL or FCC) have
ot been obtained, and Pre-Release Materials may therefore not be certified for use in certain countries or environment
or may not be suitable for certain applications and (iv) MIPS can provide no assurance that it will ever produce or ma
 generally available a production version of the Pre-Release Materials . MIPS is not under any obligation to develop a
/or release or offer for sale or license a final product based upon the Pre-Release Materials and may unilaterally ele
 to abandon the Pre-Release Materials or any such development platform at any time and without any obligation or liabi
ty whatsoever to Recipient or any other person.

ANY PRE-RELEASE MATERIALS ARE NON-QUALIFIED AND, AS SUCH, ARE PROVIDED ⊠AS IS⊠ AND ⊠AS AVAILABLE⊠, POSSIBLY WITH FAULT
 AND WITHOUT REPRESENTATION OR WARRANTY OF ANY KIND.

10.8 Open Source Software. In the event Open Source software is included with Evaluation Software, such Open Source so
ware is licensed pursuant to the applicable Open Source software license agreement identified in the Open Source softw
e comments in the applicable source code file(s) and/or file header as indicated in the Evaluation Software. Additiona
detail may be available (where applicable) in the accompanying on-line documentation. With respect to the Open Source
ftware, nothing in this Agreement limits any rights under, or grants rights that supersede, the terms of any applicabl
Open Source software license agreement.
---------------------------------------
